Refreshing Ideas in Comfortable Outdoor Living

Solaris® Insulated Panels

For a perfect start for your next outdoor living area, Solaris® roofing by Retracom is available through your local supplier for:

- A patio to entertain;
- A room addition to spread out;
- Glass room to warm up in;
- Carport to protect your vehicles;
- A deck to enjoy the views;
- An awning to provide shade and cool.

Solaris® for the Perfect Relaxed Lifestyle all Year round.

All these applications will mean you benefit from the improved strength, and excellent insulation of Solaris®. The clean lines, pleasant look and versatility of Solaris® certainly set it ahead of its older competitors.

Solaris® Benefits | How Solaris® Can Benefit You

- Backed by Retracom Australia's largest privately owned and operated insulated panel manufacturer.
- Excellent R values and thermal performance making Building Code of Australia (BCA) Part J compliance a breeze.

- Alternate cores available for commercial and industrial applications.
- Durable with maintenance kept to a bare minimum with the insulation not only reducing heat transfer but also condensation, mould and corrosion that results from single skin products.
- Easily adapts to metal or timber structures and various roof configurations such as flat, gable standard and Dutch, skillion, elevated.
