Patios with Warm Timber Finishes

Few will argue the soothing effect created by natural timber finishes when included in our living spaces. Bondor's legendary range of outdoor roof ceiling systems just added two new ceiling finishes for those looking to give their outdoor living areas a warm, relaxing ambience.

Ceiling finishes

Solarspan's Timberline range is available in either Ashwood or Maple tones. You can also choose either a flat contemporary or a rustic grooved surface to match your style. Refer to your local distributor for colour samples and further details.
