WILSON TIMBERS

NEW SUMMER TRADING HOURS

With the sun greeting us earlier and earlier and the temperature continuing to rise we have decided to open an hour earlier.

From now till further notice the yard will open at **6.00 am** and close at 4.00 pm Monday to Friday.

We hope that this new opening time will assist our customers who like to be one site and ready to make construction noise at 7.00 am sharp.

How well do you know AJ?

Q. How long have you worked at Wilson Timbers?

A. 3 weeks

Q. What is your role here?

A. I am the receptionist and do phone & counter sales.

Q. What makes you the best of the best.

A. My vivacious personality and my winning smile.

Q. What do you like most about this job.

A. In my short time here I have been friendly accepted as part of a great team making my working day breeze by.

Website update

For those of you that are avid readers of the Wilson Timbers' Newsletter you may recall some overoptimistic chatter about an upgrade of our website. Due to technical nerdism and other excuses only a geek could decipher the release of the new

super dooper website has been delayed, up until now (fingers crossed) .

Our techno brainiacs assure me that the new site will be mobile and tablet friendly and released onto the masses SOON. We will send a special email to all our

customers advising when the site will go live.

Inside this issue:

Special points of interest:

- WE ARE NOW OPEN AT 6.00 AM EVERY WEEKDAY TILL FURTHER NOTICE.
- WE NOW STOCK A LIMITED RANGE OF LVL SO WE CAN GET YOU OUT OF TROUBLE ON THE DAY.
- WE NOW CAN ARRANGE INSULATION INSTALLATION.

INSULATION—WE CAN SUPPLY & INSTALL

Did you know that Wilson Timbers can supply and install insulation?

Well you know now.

Ceiling, walls and partiwalls.

What's more we can string the insulation into the ceiling and subfloors and well as the walls.

And have no fear we will clean up after ourselves.

LVL—finally we have come to our senses

**Measure twice
Cut once**

With a view to strive to supply quality products promptly we have taken the plunge and decided to stock a limited range of sizes and lengths of H3 treated LVL.

There has been many a time when a customer in their haste has neglected to work by the adage "Measure Twice , Cut Once" and has contacted us immediately with the URGENT request of " do

you have a 240 x 45 6.0m LVL in stock? My apprentice has just cut up the last one for blocking (or any other thousand explanations) only to be disappointed with our response of " we have some odd sizes and lengths in stock but not that size or length.

But not anymore - Here's the deal. We are stocking the following end sections & lengths

as permanent stock. All H3 treated to cover all contingencies.

150x45 H3 LVL 3.6 & 4.8

200 x 45 H3 LVL 4.8 & 5.4

240 x 45 H3 LVL 4.8 , 5.4 & 6.0

200 x 63 H3 LVL 4.2

240 x 63 H3 LVL 4.8

300 x 63 H3 LVL 6.0

Also please note that we are happy to dock the LVL to size however we request that you purchase the entire length.
