### A CHANGE FOR THE BETTER

As you may or may not know the configuration of the timber yard at Moorooka has undergone a transformation. Due to the need to improve the efficiency of the yard and to address workplace health and safety concerns the driveway that has been the usual entry has been changed to an EXIT ONLY driveway.

The new entrance is at the western end of Davey Street. ( the roundabout end ) . The idea behind our madness is that cars and trucks don't necessarily mix in a close environment and as such the section around the Deckmaster warehouse has been designated the delivery truck entry and exit as well as the truck

loading and unloading zone. The public and our tradie customers with their utes and trailers can enter at the far end of the yard and drive around to the back ( where the LOSP pre primed pine products are ) and park there. There's enough space for 3 vehicles with trailers. There is also more room further around the corner ( on the way out ) next to the

DPR hardwood racks if the back gets a little congested. Just park and report to the office as per usual. We can then load your vehicle with ease and you can exit back into Davey Street without the need to reverse or get tangled up with the truck section. Don't fret if you get it wrong the first few times. We're all creatures of habit. Even Nigel gets it back to front occasion-

A-TEAM**

# DeckMate™

Did you know we can supply roof trusses, floor trusses and pre-nail frames? Comments such as “These are the best trusses I have ever seen” are often heard after our builders have been supplied trusses from BFT. You won’t be disappointed with the quality and professionalism from Fred and the team at Beaudesert Frame & Truss, from quoting stages to site measures to supply of material. Simply email us your plans for quoting.

Have you visited our sales office lately to see our latest acquisition?  
 DECKMATE—CONCEALED FIXED DECKING SYSTEM that can be installed in 3 simple steps. IT’S A NO BRAINER!  
 SAVE UP TO 35% LABOUR AND 70% WASTE.  
 Backed up by a 10year warranty and pre coated with Feast Watson pre-coat oil to stabilize your decking before and after installation.  
 IT’S THE LATEST BRAIN CHILD OF DECKMASTER. Call us for more detailed info.

## WORKSHIRTS—ONLY \$12 EACH

Wilson Timbers has teamed up with some of our major suppliers to offer all of our customers value for money work wear polo shirts. The shirts come in a variety of sizes and can be purchased from our Moorooka branch for the low low price of \$12 each.

Sponsors of the shirts are Dindas Australia—supplier of LVL, HJ beams, laminated pine and hardwood beams as well as yellow & red tongue particle flooring. Solaris insulated Roofing Panels by Retracom. Deckmaster—producers of Deckmaster and Deckmate nailless deck fixing systems. Feast Watson—suppliers of our decking oils. Parkside Timbers—suppliers of the new minipack set length spotted gum decking. ITI Australia—suppliers of LOSP treated pre primed finger jointed pine products as well as Kwila decking and other products too numerous to mention.

The front of the shirts have been left without any advertising to enable a space for your business name and employee’s name to be embroidered onto them.

It has also been decided that for every shirt sold \$2 will be donated to “Destiny’s Rescue”

An organization that rescues young girls from the perils of child prostitution in Cambodia. A cause that the Shaw family have supported for many years.
